

On Friday, November 17, the U.S. Trade and Development Agency and U.S. industry are launching the **U.S. Gas Infrastructure Exports Initiative**, to connect American companies to export opportunities across the gas value chain in emerging economies. As U.S. LNG export terminals are coming online, USTDA is expanding its partnership with the American gas industry to facilitate LNG exports through the development of gas-related infrastructure in key LNG receiving countries.

Want to Partner with Us?

USTDA invites U.S. partners* – companies and associations active across the gas sector value chain – to join the Initiative. Benefits of partnering include:

- Branding at the **November 17th launch event** in Washington, D.C. with an audience of senior gas executives, U.S. government officials, foreign embassy personnel, and press
- Company/association logo featured on the Initiative webpage
- Provide strategic input on the direction of the U.S. Gas Infrastructure Exports Initiative
- If you are interested in partnering with USTDA, please email gasinitiative@ustda.gov by **Tuesday, November 7, 2017**.
